FEATURED ARTIST OF THE MONTH: Gordon Lyon

Gordon Lyon is a sculptor who explores abstraction in 3-Dimensions. His works range from semi-abstract stylized representations – to fully abstract and not representing any real subject. In addition to individual works, he sometimes creates a series of artworks based on a fixed subject, with each piece making a different use of abstraction.

Gordon was originally trained in computer science (PhD, Univ. Mich.), making a career of computing research and technical management. After retirement, he studied art at Montgomery College. He is on the Board of Directors of the Washington Sculptors Group and is a member of the Lake Superior Art Association, Delaplaine Visual Arts, and the Int'l Sculpture Center.
